London, May 12.—In a room which was the monthly meeting place of the modern perpetuators of the rights of King Arthur's Round Table, the most discussed knights of the round table, Jack Dempsey, Georges Carpentier, and Ted "Kid" Lewis, and their managers and trainers, met today to discuss the possibility of a fight between the two heavyweights in London or Paris before next May. Dempsey, who has been in London since he reached the city, today said he would fight Carpentier, who is expected to arrive in London tomorrow.

The luncheon between Dempsey and Carpentier was held in a room which had been reserved for a meeting between the two heavyweights in London or Paris before next May. Dempsey, who has been in London since he reached the city, today said he would fight Carpentier, who is expected to arrive in London tomorrow.

According to Kearns, he and Dempsey decided to leave the promotion of the bout to the person offering the best terms for it. Neither Carpentier nor Dempsey is permitted to accept any offer until the agreement has been made. The fight is expected to be a draw, but it is considered a possibility that Carpentier will win. The fight is expected to be a draw, but it is considered a possibility that Carpentier will win. The fight is expected to be a draw, but it is considered a possibility that Carpentier will win.

Willard leading secluded life in Los Angeles. Los Angeles, Cal., May 12.—Jess Willard is in town. The best information available indicates that he is in training, but he declined to say whether he plans to fight again, or to say anything about whether he wanted to fight Dempsey again, or had anything in prospect against pugilists. Willard has been here two weeks ago, but nobody knew it until newspaper men working on information received from the east, traced him to a leased home in a quiet residence section, where the telephone was cut off and Jess was admitted to be living, but could not be seen.

The Willard family has been here several months. Mrs. Willard placed the five children in school when she first came, and took a lease on the house the family occupies. Jess has told neighbors that he plans to stay here permanently and will either buy or build. About two weeks ago Jess was seen about the premises, and since that time he has been at home evenings, but absent in day times.

Today it was said at the Willard home that Jess was spending his time in the mountains. Presumably for the location, the statement was changed to say that he was spending his time in Hollywood. His failure to appear there has been the subject of much speculation. He is expected to appear there in the near future.

Reinartz starred in preliminary heats. Lancaster, Pa., May 12.—C. W. Reinartz, Muhlenberg college student coach, won the individual title in the preliminary heats of the middle Atlantic states intercollegiate meet, which opened here today, earning places in the shot put, javelin, broad jump and high jump. Reinartz, who is a member of the U. S. W. R. of Rutgers, each qualified in three events.

Tilden to meet Johnston in tennis finals. Berkeley, Cal., May 12.—William T. Tilden, II, world's tennis champion, and William M. Johnston, second ranked player, will compete in the finals for the championship of the Pacific coast. Each won their final matches today.

Tilden defeated Irving Weinstein, a local player, in straight sets, 6-4, 6-1, 6-2. Johnston defeated Howard Kinsley, thirteenth ranked player, 6-1, 6-1, 6-2. Kinsley won a default by Vincent Richards, third ranked player.

## CARDINALS DEFEATED GIANTS IN 10 INNING BATTLE

St. Louis, Mo., May 12.—St. Louis evened the series with the Giants today winning 7 to 5 in 10 innings after Jess Barnes of the no-hit, no-run fame had been chased from the hill in the first inning. Frank Pisch played his first complete game of the season since his injury and got two doubles and a stolen base. Foundner made a home run off Barnes in the first inning with two on base. Score:

## WOMAN'S ACTIVE ENTRY INTO SPORTS TODAY

New York, May 12 (By The A. P.).—Woman's active entry into American track and field athletics will be made tomorrow in a score of meets to be held from coast to coast.

The principal meet will be held at the Oakesboro school for girls in Mamaroneck, N. Y., with entries from north and south. The others will be staged at middle and far western institutions which have arranged a telephonic contest under the direction of the recently organized National Women's Track Athletic association.

The women's association was established only a few months ago to prepare for the Paris games which will be made almost entirely from the result of tomorrow's contests, although athletes who are not in college may be chosen by otherwise demonstrating their skill and on their past records. As, however, woman's track athletics is in its infancy, there are virtually no official records.

Despite the enthusiasm that tomorrow's games has excited among women all over the country, the national committee is not sure of sending a complete team abroad. Financial donations have not been as large as was expected. Unless additional gifts are made, girls who can finance their own voyage will be chosen, perhaps, even over record breakers who have not the means to go.

Interest in woman's track and field debut will center on Mamaroneck. One hundred and two girls, representing 22 different schools and colleges, will compete in the largest field of American women athletes ever assembled; many more than the organizers of the association had expected.

Entries have been received from as far south as the Florida State college and from the progressive girls' boarding schools strung along the coast northwards from the Potomac to the New England states. The majority of the entrants will represent nearby institutions.

Dr. Eaton Stewart, chairman of the national organization, will be in command at Mamaroneck, aided by experienced athletic coaches from Yale, Harvard and other men's colleges in the east. It was through Mrs. Winifred Merrill, chairman of the committee, who is principal of the Oakesboro school, that the Mamaroneck games were arranged. Mrs. Merrill also proposed to entertain the American girl athletes at her Paris school branch for two weeks previous to the Pershing stadium tournament.

The preliminaries will start at 10 o'clock and the finals at 1 o'clock. The following events are scheduled: 50 and 100 yard dashes; 200 and 400 yard relay; standing broad and running high jump; running broad and high jump; baseball, basketball and javelin throws.

## ACADEMY PLAYS WINDHAM AT WILLIMANTIC

The Norwich Free Academy baseball team is to play Windham at Willimantic this afternoon. There will be two changes in the local high school lineup. Covey will start the game behind the plate and McNamara will cover the dizzy corner. The rest of the lineup will be Diffey, P. Brown, G. 2b, Dyer, ss, Walz, lf, Kilroy, cf, Harris, rf.

After their defeat by the hands of Pomfret the local high school lads have been putting in two days of hard practice in preparation for today's game.

## AT FAIRGROUNDS SUNDAY

When the Kacey team takes the field on Sunday at the Fairgrounds against the fast American Chain company team of Bridgeport "Old Reliable" Bill Bergen will be seen stopping those fast shoots of Canavan's in back of the plate. Bill has notified Manager Bill O'Leary that he will be on hand and in mid season form for Bergen has been in the game since early in the year. He has been with the Syracuse International team as coach for the pitchers and catchers.

"Old Reliable" is one of the steadiest backstops that ever wore a mask and protector and his keen insight and judgment of a batter is uncanny. Not only does he outguess the hitter but he plays the bases with unerring judgment.

Sunday's game should be one of the best of the season for there is hardly a stronger team in semi-pro ball than the American Chain. The Knights will have to show all that is in them to come away with the big end of the score. Pete Wilson is to do the hurling for Bridgeport and when Pete works in the box the opposing team has to work for all it gets. The local boys have been practicing every day this week and other night in practice. The rest of the boys are just getting their eye on the ball and before the season progresses far there should be some heavy hitting.
